

Landscape Architect

Lashley + Associates is seeking a Senior Landscape Architect who is talented, experienced and motivated to join our expanding firm at our Montreal office.

We are currently looking to fill this position immediately.

Lashley + Associates Corporation is a progressive, energetic, and award-winning Landscape Architecture practice located in Canada. Our practice utilizes a forward-thinking and a sustainable approach to design urban, rural, and natural environments in central and eastern Canada. As designers and proud stewards of the land, we are focused on the development of resources for the betterment of society and nature. We are committed to provide excellence in design and service to our clients.

Lashley + Associates provides a collaborative, open-concept office environment. Our team is comprised of engaging, talented and motivated professionals from a variety of backgrounds, all with unique skills and experience that combine to create a strong and supportive office. The firm consist has 16 employees, including 3 at our Montreal location serving projects in Gatineau, West Quebec and in the National Capital region. It is expected that the successful candidate will continue to build our team in Montreal as needed to support our projects.

The successful candidate will be responsible to guide and mentor employees and for project management, project concepts and design, and assistance of the team to provide detailed design, written reports, contract documents, and construction review for a variety of institutional, government (federal, provincial and municipal), commercial and residential development clients. Preparing proposal responses to RFP's will be required, Client liaison, and coordination of resources will be an essential aspect of the job. The candidate must be motivated to lead projects independently and manage staff resources and subconsultants in projects accordingly, as well as assist and support the team and the principal of the firm. The candidate will also be on the firm's management team to help guide the firm's direction.

The successful candidate will have the following credentials:

- Landscape Architectural degree from an accredited university. Additional related degrees or credentials may be an asset.
- Minimum 10 years of full-time working experience as a Landscape Architect including experience in management.
- Certified member of the AAPQ or able to become a member immediately.
- Be motivated, forward-thinking, and ready to take on a management role.
- Proven ability to lead a team of professionals.
- Demonstrated excellence in design.
- Proven excellence in oral, written and graphic communication.
- Demonstrated excellent experience in technical design (e.g. grading, planting, construction detailing).
- Proven experience preparing construction specifications.
