

## Intermediate Landscape Architect

*Lashley + Associates is seeking a talented, experienced, and motivated Intermediate Landscape Architect to join our expanding firm in our Montreal office.*

Lashley + Associates Corporation is a progressive, energetic, and award-winning Landscape Architecture practice located in Ottawa and Montreal serving Canada. Our practice utilizes forward-thinking and a sustainable approach to design urban, rural, and natural environments in central and eastern Canada. As designers and proud stewards of the land, we are focused on the development of resources for the betterment of society and nature. We are committed to provide excellence in design and service to our clients for all their project needs.

Lashley + Associates provides a collaborative, open-concept office environment. Our team is comprised of engaging, playful, talented, and motivated professionals from a variety of backgrounds, all with unique skills and experience that combine to create a strong and supportive office.

The successful candidate will be responsible for project concepts and design, project management, detailed design, written reports, contract documents, and construction administration for a variety of institutional (federal, provincial, municipal governments), commercial and residential clients. Client, consultant, contractor liaison, and coordination of resources will be essential aspects of the job, so communication skills are essential. The candidate should be motivated to lead projects independently and work with staff resources accordingly, as well as assist and support the Senior and Principal Landscape Architects.

The successful candidate will have the following credentials:

- Landscape Architectural degree or a related design degree from an accredited university. Additional related degrees may be an asset.
- 5 to 7 years of full-time working experience as a Landscape Architect or Landscape Architectural Intern.
- Qualified for full membership with seal in a recognized professional association, e.g., AAPQ.
- Be motivated, forward-thinking, and ready to take on leadership roles as required.
- Demonstrated and proven design talent.
- Demonstrated excellence in oral, written, and graphic communication.
- Demonstrated excellent experience in technical design (eg. grading, planting, construction detailing).
- Proven experience preparing construction specifications.
- Completion of successfully constructed projects designed by the candidate.
- Success in project proposals and project management.
- Familiarity with federal, provincial, and regional municipal approvals process and standards.
- Demonstrated graphics excellence and proven technical expertise in use of AutoCAD and Adobe Creative Suite (Photoshop, Illustrator, InDesign), and 3D rendering programs (Sketchup).
