

Landscape Construction Project Inspector

Lashley + Associates is seeking a Landscape Construction Project Inspector

We are currently looking to fill this position immediately.

We are looking for a bilingual (primarily French) landscape construction inspector with 5 years of experience in review or supervision of landscape construction in an urban environment. The candidate must have their ASP (Health and Safety on Construction Sites) Card for Quebec.

The primary project is a streetscape redevelopment project in the City of Gatineau being completed in concert with engineering infrastructure redevelopment. The candidate will be responsible to review the contractor's work and advise our Project Manager and the Client. The City requires that construction field services are to be provided by qualified personnel with a minimum of ten years of experience in the fields of landscape architecture and urban design construction.

In conjunction with other employees and the Project Manager, the inspector will also be responsible for assisting with review of shop drawings and material submissions, progress claims, preparation of site instructions and changes, review reports, construction site visits and meetings, RFIs, and CCN's.

At minimum the Gatineau project will require approximately 16 hours per week. However, for a candidate that is looking for full time work we have other projects in the Ottawa-Gatineau area that will require similar services.

The successful candidate will have the following credentials:

- Technology diploma or degree in landscape construction, landscape architecture, architecture, engineering or equivalent.
- **Minimum 5 years** of full-time working experience supervising landscape construction projects.
- ASP card.
- Demonstrated excellent experience in technical design (e.g. grading, planting, construction detailing).
- Proven familiarity with federal, provincial, and municipal approval process and standards in Ontario and Quebec.
- Bilingualism in French/English
